Microsoft SQL Server Certification Course

About the Course

Edureka's Microsoft SQL Certification Training Course is curated by top industry professionals to help you master Structured Query Language (SQL). This course will teach you how to manage databases on SQL Server and will provide you with a solid foundation in SQL concepts such as querying data, security and administrative privileges.

Additionally, you will also be working on deploying SQL Server to Microsoft Azure along with the migration of on-premise data. This SQL training will give you the chance to work on real-world industry use cases and become an Edureka certified SQL Server database administrator to kickstart your career in this domain.

Why enroll for Microsoft SQL Course?

Industry-Leading Platform

The worldwide SQL Server transformation market is anticipated to surge at an impressive CAGR of 10.1% from 2022 to 2029 - Future Market Insights

Opportunity in Top MNCs

Microsoft, Infosys, Wells Fargo, Capgemini, eBay and other top MNCs around the world have started using MS SQL servers as SQL database tool

Lucrative Salary

The national average salary for a SQL Server Database Administrator is \$99,198 in the United States with an additional cash bonus of \$6600

- Glassdoor

Why Microsoft SQL Server Certification Course from edureka!

Live Interactive Learning

- World-Class Instructors
- Expert-Led Mentoring Sessions
- Instant Doubt Clearing

Lifetime Access

- Course Access Never Expires
- Free Access to Future Updates
- Unlimited Access to Course Content

24x7 Support

- One-On-One Learning Assistance
- Help Desk Support
- Resolve Doubts in Real-time

Hands-On Project-based Learning

- Industry-Relevant Projects
- Course Demo Dataset & Files
- Quizzes & Assignments

Industry-Recognised Certification

- Edureka Training Certificate
- Graded Performance Certificate
- Certificate of Completion

Training Benefits

The market size for structured query language server transformation is expected to be worth US\$26.93 billion by 2030. MS SQL is fast and offers better security features to help protect data, granting many administrative privileges to users for better control over the databases. Mastering MS SQL can help you move up the corporate ladder and can improve your productivity, insight and overall contribution. The best way to land you a good job with a handsome salary in this domain is to get a Microsoft SQL Server Certification.

Program Details

Who should go for this Microsoft SQL Server Certification Course?

This Microsoft SQL Training is designed for IT professionals who want to pursue a career in database engineering. Our Microsoft SQL Certification helps you grab this opportunity and accelerate your career. It is best suited for:

1 Freshers

2 Software Developers

Database Administrators and Engineers

4 System Administrators

5 SQL Server Developers

Table of Contents

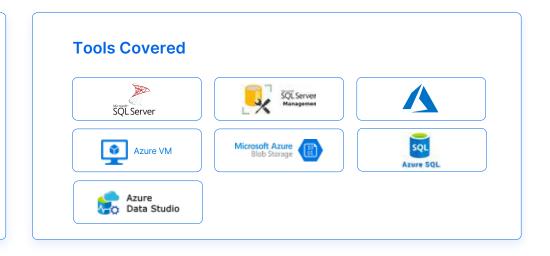

•	Introduction to RDBMS and SQL Server	08 Topics
•	Database Normalization, DDL and DML Commands	07 Topics
•	Querying Data using Built-in Functions and T-SQL	04 Topics
•	Working with Advanced SQL	06 Topics
•	UDFs, Backup and Restore in SQL Server	06 Topics
•	SQL Server Optimization and Performance	05 Topics

•	MS SQL User Administration	06 Topics
•	Advanced SQL Server Administrator	05 Topics
•	Introduction to Azure	06 Topics
•	Migrating SQL Workloads to Azure	05 Topics
•	SSRS - SQL Server Reporting Services (Self-paced)	05 Topics

Curriculum of MS SQL Server Certification Course

Skills Covered

- Database Architecture
- SQL Server User Administration
- DML and DDL commands
- Working with Azure SQL
- Advance SQL Queries
- Deploying SQL Server on Azure

Projects

Human Resource Management System

Design and implement a Human Resource Management System according to the requirements mentioned during the design phases of the project.

Sales Database System

Design and implement a Sales Database System that enables you to enter and query sales data about stores according to user privileges of an organization as per the requirements.

Learner Stories

Vaibhav N Cloud Architect, Infosys

Edureka is providing the best software training I have seen in my 10 years of IT career. I have been an Edureka student for over one year now. I have completed courses such as AWS Architect Certification Training, DevOps Certification Training and Hadoop Administration. I must say Edureka has excellent course content for some of the latest software technologies and is supplemented by well-experienced trainers.

Janardhan Singamaneni Data Engineering Manager, Amazon

After thorough scanning of available online courses, I decided to go with edureka and am quite satisfied with it. There was never any technical issue like audio/video/connectivity during the course which is good. The classes were very smooth. The instructors were really good and delivered the course content very well. They had very good theoretical and practical knowledge of the respective courses. Great Job! Thanks for the learning experience! Keep it up!

Anitha LeeSolutions Engineer, AT&T

This company has been heaven sent to anyone interested in learning the newer technologies that are changing by the day. Their instructors are top notch and above all their customer service is unparalleled. I took the Selenium course and the content was perfect. My instructor obviously had a wealth of experience in the material he was teaching. I have recommended edureka to several of my colleagues. Great Job Edureka!
